

WOOD TO METAL FASTENING / MANUFACTURING

SELF-DRILLING. ONE PASS THROUGH WOOD INTO STEEL. NO PRE-DRILL.

Self-drilling fine thread screws drive wood directly into light gauge steel in one pass. No pilot hole. No separate clearance step. Coil format runs 150 screws per fill on FDVL43. Strip format runs on CH7241WU.

- Self-drilling tip: one pass through wood into light gauge steel
- Fine thread for clean engagement in steel without stripping
- Bright zinc coating for standard interior metal framing
- Coil: 150 screws per fill on FDVL43. Stand-up operation.
- Strip: runs on CH7241WU. 30 screws per load.
- Metal-to-metal option available: SS series on CH7280

COIL / ORDERING REFERENCE

FS8114B #8 x 1-1/4" Self-Drill BZ Coil 3,600/box \$137.00

STRIP / WOOD TO METAL

GS0034BMS #10 x 3/4" Pan Head BZ Strip 3,000/box \$141.00

FS0100BWUMS #10 x 1" Flat Head BZ Strip 3,000/box \$84.00

FS0114BWUMS #10 x 1-1/4" Flat Head BZ Strip 2,400/box \$145.00

METAL TO METAL / CH7280

SS0100BMP #10 x 1" Lock Head Fine BZ 2,000/box \$110.00

SS0114BMP #10 x 1-1/4" Lock Head Fine BZ 2,000/box \$121.00

THE SYSTEM

FDVL43 Speed Driver

150-screw coil. Stand-up T-handle. #2 Square bit.

FS8114B

\$137.00

#8 x 1-1/4" Self-Drill BZ Coil 3,600/box

CH7241WU

Strip driver. 30-screw load. Wood-to-metal wall skinning.

FS0100BWUMS

\$84.00

#10 x 1" Flat Head BZ Strip 3,000/box

CH7280

Metal Pro II strip. 25-screw load. Metal-to-metal.

THREE TOOL OPTIONS

FDVL43 for coil (150 per fill). CH7241WU for wood-to-metal strip (30 per fill). CH7280 for metal-to-metal strip (25 per fill). One product line covers every gauge and format.

ALSO USED IN

Metal Wall Skinning / Light Gauge Framing
HVAC Ductwork / Sheeting Applications

FS / GS / SS SERIES

WOOD TO METAL AND METAL TO METAL BRIGHT ZINC SELF-DRILLING

Self-drilling bright zinc screws for wood-to-metal and metal-to-metal fastening. Coil format for FDVL43 (150 per fill). Strip format for CH7241WU (wood-to-metal) and CH7280 (metal-to-metal, 25 per fill).

- Self-drilling tip. No pre-drill into light gauge steel.
- Fine thread for clean steel engagement
- Bright zinc coating for standard interior applications
- FS8114B coil: 3,600 per box, runs on FDVL43
- FS/GS strip: flat and pan head options for CH7241WU
- SS series: lock head for metal-to-metal on CH7280

KEY SPECS AT A GLANCE

Tip	Self-drilling
Thread	Fine thread
Coating	Bright Zinc
Coil tool	FDVL43 (150/fill)
Strip tool	CH7241WU (30/fill)
M-M strip tool	CH7280 (25/fill)

THREE FORMATS. ONE SYSTEM.

Coil for high-volume production. Strip for precise placement or tight spaces. Metal Pro II for metal-to-metal connections. All self-drilling, all bright zinc, no pre-drill required.

COMPATIBLE TOOLS

FDVL43 (coil, 150/fill)
CH7241WU (strip, 30/fill) / CH7280 (strip, 25/fill)
